REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach and/or suggest a transducer-based sensor system comprising, in combination with the other elements recited, for each transducer, a switch coupled between the transducer and the transducer's local drive signal generator, the switch being configured to close if the output transmission path for the transducer is enabled, and to open if the output transmission path for the transducer is disabled.

The prior art of record also fails to teach and/or suggest a transducer-based sensor system comprising, in combination with the other recited elements, a transducer array where the transducers are configured to provide both bulk wave and surface wave modes of operation, an output transmission path associated with each transducer, and a selector configured to control activation and deactivation of portions of the transducer array by enabling and disabling the output transmission paths.

The prior art of record also fails to teach and/or suggest a method of performing sensing operations on a sample using a transducer array, the method comprising, in combination with the other recited steps, the transducer array including a local drive signal generator for each transducer of the transducer array, and where activating one or more of the transducers within the transducer array including closing a switch between the transducer to be activated and the local drive signal generator associated with such transducer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Rose M. Miller whose telephone number is 571-272-2199. The examiner can normally be reached on Monday - Friday, 7:30 am to 3:30 pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Hezron Williams can be reached on 571-272-2208. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
